Fire

Your flame is the way  
No more of your life to give away  
New light, new day  
Throw down the book and separate  
No more a slave  
No more fee to pay  
This is your day  
This is your fire, not faith

Faith

Fire, not faith  
This is your fire  
This is your fire, not faith  
Tear down the wall  
Your blasphemy is false  
There is no call  
There is no pain at all  
Wake to your needs  
Your life is more than misery  
What is to be  
This is your fire, not faith  
Faith  
This is your fire  
This is your fire, not faith

Go

Fire, faith, fire  
Fire, faith, fire  
Fire, faith  
Yeah  
Fire, not faith
